As you probably already know, the flu spreads rapidly and extensively during the Winter. Sufferers may be sick for weeks. The best way to beat this virus is to look as much as possible the health of our body. Daily exercise and a diet rich in fruits and vegetables is the best way to help our immune system to be in good condition and fight the invading virus.

ACOL has decided to offer its staff the opportunity to get a flu shot, as an additional resource to prevent this insidious virus from spreading among them. ACOL has provided a nurse to carry out the vaccination program within the company working hours during the middle of the workday of the week of May 17. This program is offered free to all company employees.

Participation is voluntary. Employees who choose to use this opportunity must sign a form stating their consent and indicating that they do not have any allergies and understand that they may experience some minor side effects.

Medical advice indicates that immunization does not produce influenza. However, it may cause some side effects such as fatigue, mild fever and sore arm.
